

## CARLISTS AND POPE SCORED

LONG INTERVIEW WITH PREMIER CANALEJAS PRINTED IN PARIS PAPER.

## WILL CONTINUE POLICY

Declares Rich Carlists Fancied Manifestations Against Government—Priests Leading Juntas in North Spain.

Paris, Aug. 12.—The Paris Temps today prints a long sensational interview with Canalejas, Spanish Premier, covering the recent events which culminated in the rupture with the Vatican, which the paper says the premier dictated.

Canalejas begins by declaring that the movement in North Spain is directed by rich Carlists "who are inveterate separatists and enemies of the remaining country," and integrates "intransigent Catholics whose program is the reign of Jesus Christ." He claims that he possesses knowledge that the committee behind the movement spent 400,000 pesetas (\$69,000) in giving the manifestos of July 10 meat tickets besides railroad fares. After the failure of the manifestation, Canalejas says, the agitators organized juntas, of which—"and I announce this publicly for the first time—village priests are the leaders." He says he will welcome the interpellations of the Carlists which will give him an opportunity to "lay bare the detestable conspiracy against civilization, the king and the country."

"There is no religious question in Spain," the premier continues. "It is simply an effort to exploit religious sentiment on the ground, now disproved, that the Spanish majority is anti-clerical. The majority, as was indisputably proved at the elections, is anti-clerical. Most of the municipalities have sent addresses approving the government's policy. I have received 150,000 telegrams urging me to continue the policy."

Canalejas declares that he does not propose to abuse the power conferred in him, but will use it firmly and resolutely establish the preponderance of civil power.

Senior Canalejas frankly states that the time has arrived when the question must be solved. If the liberals fail, a popular explosion, he says, will surely follow, and he understands perfectly that his adversaries wanted the rupture with the Vatican in the hope of causing his downfall. The prime minister declares that the reports that his policy was inspired by the counsels of the French government and the royal family of England do an injustice to King Alfonso.

On this point he says: "One might as well say that the opinion of all foreign statesmen and the intellectual of the world weighs upon the king, for there is not a single publication in civilization which does not applaud the dawn of the liberal spirit of Spain. The king in the present case obeys a profound conviction. He is a fervent Catholic, but his mind is open to grand ideas, and he is a serious student of contemporary civilization. He is liberal, tolerant and truly constitutional, and without forgetting his royal prerogatives, will follow the popular impulse. He gives his confidence to the ministry, sustained by a majority of the Cortes."

## SHOULD PROSECUTE CUENCA.

Madrid, Aug. 12.—El Liberal today demands the prosecution of Cuenca, for exhorting the soldiers to obey the pope rather than the government.

## TOOK CARBOLIC ACID

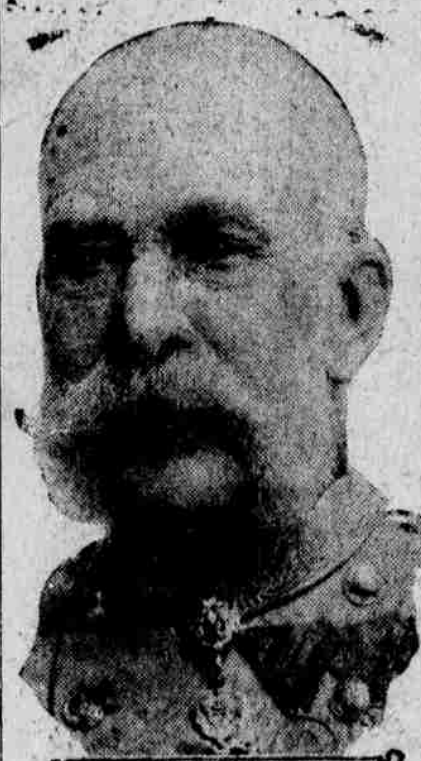

While Officers Were Waiting in Next Room to Arrest Her For Shooting Husband.

Streator, Ill., Aug. 12.—With three officers in an adjoining room waiting to serve a warrant charging her with assault with intent to kill her husband, Mrs. L. W. McDaniels took carbolic acid today, dying an hour later. Early this morning the woman's husband, now dying, was shot while in bed and asleep. Five shots were fired he alleged in an anti-mortem statement. Several hours previously, it was said, Mrs. McDaniels turned on the gas in an effort to asphyxiate him. She asserted before her suicide that McDaniels shot himself. No motive is known. The couple were married only recently.

## Emperor Francis Joseph Nears Four Score Years

EMPEROR FRANCIS JOSEPH

Vienna, Aug. 12.—Emperor Francis Joseph of Austria will celebrate his eightieth birthday, Thursday, Aug. 18. Many grand fetes have been arranged for the occasion, and the people of the capital are preparing to observe the day with great rejoicing and athletic contests of all sorts while the royal court attaches will celebrate in a most pompous manner the long life of their beloved ruler.

## M'MURRAY HAD INDIANS GOING

WOULD HAVE MADE \$5,000,000 "ATTORNEY'S FEES OUT OF CONTRACTS."

## ALSO "SPECIAL FEES"

Testimony Before Investigating Committee Gives Additional Facts in Case of Indian Land Contracts.

Sulphur, Okla., Aug. 12.—Lawyers expense accounts running as high as \$200,000, a single fee already paid amounting to \$750,000 and contingent fees still pending that would aggregate about \$5,000,000, figured in the investigation of the Indian land affairs by the special committee today.

It was pointed out that the Indians never had secured the large amounts of money due them without having to "come across" in the shape of fees, and although they employed regular lawyers on yearly salaries, extra fees were constantly paid for the employment of special counsel. A special fee of \$750,000 was paid several years ago to J. F. McMurray and his law partners, after they had prosecuted what is known as the "citizenship case," which it was stated kept off the rolls 32,000 persons who wanted to participate in claims against the government.

By winning the suit, it was explained the value of the property to the Indians who remained on the rolls was enhanced \$16,000,000 on the basis of \$5,000,000 for each of the 32,000 claimants who were kept off. The sale of property and division of the proceeds is still being fought for by the Indians.

This testimony developed in the examination of George F. Scott, of Choctaw. Scott was active in securing the signatures for the McMurray contracts.

McMurray's contracts, Scott testified, if carried out in their entirety, would dispose of about \$50,000,000 worth of property, which, on a ten per cent "attorney's fees" basis, would result in a net profit to McMurray and his associates of almost \$5,000,000. Scott also showed that the cost of employing McMurray would be in addition to the \$30,000 now paid annually to regular attorneys.

In the political campaign among the Choctaw tribes, Scott said McMurray once had made a contribution of \$1,000.

In 8,000 tax cases, which formed a suit to prevent the government from collecting taxes on allotted lands, Scott said McMurray was to get \$10 for winning each case, or \$80,000 for winning the cases collectively.

Incredulous.

There are lots of people in the world who won't be satisfied that the high cost of living is bad enough until they have bought books from agents on the subject.—Acheson (Kan.) Globe.

## READJUSTMENT IS IN PROGRESS

BALLINGER WILL RETIRE SEPT. EMBER 15 AND GET OUT OF THE CAMPAIGN

## HAS LOST MUCH MONEY

Defending Himself Since He Has Been in Cabinet—Next Move of G. O. P. Leaders is to get Rid of Cannon

Beverly, Aug. 12.—Certain events of today, following incidents of the past week or so, lead inevitably to the conclusion that a complete political readjustment in circles close to President Taft is in progress.

Ballinger To Go. Senator Aldrich, of Rhode Island, called to see the president today. Although he is not to retire until Mar. 4, 1911, and Aldrich confirmed to Taft today his intention to do so, the readjustment plans which plainly are in progress apparently treat whatever influence Aldrich may have had with the president as a thing of the past.

The elimination of Aldrich, according to close political observers, will soon be followed by the retirement of Secretary Ballinger from the cabinet. The Republican party is facing one of the most critical campaigns of its history this fall and the leaders who have been coming into influence with the president are arriving daily to do all they can to bring about a readjustment of the differences within the party. Ballinger practically has lost all of his personal fortune in defending himself from attacks that have been made upon him. It is said that attorney fee alone in the congressional investigation, cost him \$40,000. If the secretary continues these losses it is said he must soon resume the practice of law which he left in his own state to take up the duties as head of the interior department.

The retirement of Ballinger is fixed for September 15. The congressional committee will have reported by that time and the date is sufficiently early to take the so-called Ballinger issue out of the campaign.

## Cannon Also.

The third move in contemplation is said to be directed against Cannon. It is not admitted here that Cannon will even be a candidate for the speakership. Representative McKinley, of Illinois, a close friend of Cannon and chairman of the Republican congressional campaign committee was asked here the other day if he thought Cannon could be elected to the chair again.

"I've not heard that he'll be a candidate" was the reply.

The Cannon situation is a thing of the future, is a little difficult to handle. Once it is known that the president would like to see a change, however, it is believed that all doubt as to the result would be removed. That Beverly is being the headquarters of the movement to set the Republican house in order is now generally admitted. Various moves are being made quietly, but effectively.

Reports have reached Beverly that the recent results in Kansas and Iowa were due largely to the activity of Cannon in Kansas, to the charges against Aldrich and doubt in the west as to whether he actually intended to retire. The situation developed in these states evidently has made an impression upon the party leaders that has stirred them to action.

Aldrich would not discuss his call on the president today. The senator talked with the president regarding the rubber statement and Taft listened with interest.

## The New Way.

The practical politician who in a cruder stage of his art kissed the babies and showered the women with inane compliments, now preserves more of his self-respect, while achieving substantially equal results, by telling the fat men they are getting thin and the lean men they are getting stout.—Puck.

## Beet Sugar Industry.

Beet sugar making is as yet an infant industry, with \$130,000,000 invested. It is not old enough in this country to be developed without protection. But there are many indications that tend to show how we may some day compete with the world in the production of beet sugar.

## Few Hard Coal Stoves.

In Great Britain anthracite stoves are rarely seen, and up to the present British-made stoves have failed to gain favor. The British seem to stick to the old custom of open fires, and even in the anthracite district the coal is invariably used in open grates.

## Life of "Big Bill" Edwards Threatened by Crank's Letter—Hero of Gaynor Shooting

Edwards Arresting Gallagher

## MAYOR GAYNOR RESTING WELL

NO SYMPTOMS OF BLOOD POISONING HAVE AS YET DEVELOPED.

## ANXIETY FELT, HOWEVER

Fan Who Did the Shooting Declares He is Glad When Told the Mayor Was Getting Along Nicely.

New York, Aug. 12.—Another day has passed and Mayor Gaynor, who was shot in the neck Tuesday by James J. Gallagher, shows no symptoms of blood poisoning. He continues to rest well at intervals, to take nourishment when desired and, if the bulletins of his surgeons disguise nothing, his condition is favorable toward ultimate recovery. The bugbear of septicemia has not yet passed, nor is the possibility that an artery or blood vessel has been scraped by the bullet. With these possibilities ever present, he is still in the danger zone, and will be for more than a week yet.

The same feeling of anxiety was evinced last night and in a lesser

degree tonight, but there is no going behind the official bulletins.

The first words uttered by Gallagher, when he woke in his cell this morning were: "How is Mayor Gaynor?"

"He is said to be getting along nicely," replied the warden, Gallagher went on: "Well, I'm glad he is recovering. I'm sorry for my act. I slept well last night, and it was the best sleep I've had since I've been here."

Some one has estimated from statistics that fruit trees and bushes will bear for the following periods: Apples, 25 to 40 years; blackberry, 6 to 14 years; currant, 20 years; gooseberry, 8 to 12 years; pear, 50 to 75 years; plum, 20 to 25 years; raspberry, 6 to 14 years.

After being told if they refused to obey orders, they would be dismissed, two of the officers stepped back into line with the regulars.

Mayor Marshall said later that he had enough officers to man fifty cars, which the company expected to operate tonight.

A Texas evangelist says: "Persons who speculate on the stock market or bet on horse races are bound for hell in a racing automobile." But the experience of an observer is that those who speculate on horse races or bet on the stock market usually arrive there as pedestrians.—Louisville Courier-Journal.

Wisdom From West Africa. West Africa is responsible for the pithy saying: "He who falls by his foot shall rise again; he who falls by his mouth shall not rise." From the same region comes the retort, to one of waspish disposition, "If you were medicine you would be very bitter."

## POLICE REFUSE TO BOARD CARS

THIRTY-FIVE MEMBERS OF COLUMBUS, OHIO, FORCE WILL BE DISMISSED.

## FEAR NOT THE REASON

Mutineers Declare Sympathy for Striking Car Men in Various Ways—Loyal Coppers Will Man Street Cars.

Columbus, Ohio, Aug. 12.—Thirty-five out of 140 members of the night Columbus police force rebelled tonight when called upon by Mayor Marshall to board the street cars in an effort to catch persons who have been attacking the cars nightly with stones, bricks and bullets.

The mutineers, the mayor announced, will be dismissed tomorrow morning. Some of the oldest and best known on the force were among the mutineers. When it was announced that the police would be put on the cars there was widespread dissatisfaction in the department. This reached the culmination at roll call this evening. The mayor began to make assignments and those in rebel

lions' ranks refused to obey. The mutineers declared their sympathy for the striking car men in various ways—Loyal Coppers Will Man Street Cars.

Treating Bruises. In the treatment of contusions with extensive discoloration of the skin, if olive oil be applied freely without rubbing the discoloration will quickly disappear. Absorbent cotton may be soaked in the oil and applied. If the skin is broken a little boric acid should first be applied over the abrasion. A black eye thus treated can be rendered normal in a few hours especially if the oil be applied warm.

## UHLAN PUTS UP A NEW RECORD

TROTTED MILE IN 1:58 1/4 WITH-OUT WINDSHIELD AT CLEVELAND RACES.

## BIG CROWD IS ELATED

Billings, Owner, Hopes to Lower Record With Wind Shield—Lou Dillon Held Record—Other Races.

Cleveland, Aug. 12.—Driven by Charles Tanner, of Cleveland, C. K. G. Billings' black gelding Uhlman, today established a new world's record by trotting a mile without a wind shield in 1:58 1/4, beating Lou Dillon's record by 2 1/4 seconds and coming within 1/4 of a second of equalling the record made by her with a wind shield, October 24, 1905, when she trotted a mile at Memphis in 1:58 1/4.

The horsemen who held the watch said as a result of today's performance, that with the wind shield he will be able to do better than the mare's mark. The big crowd had expected to see Uhlman driven to the wagon but was all the more enthusiastic when the announcement was made that he would try for the world's record to a sulky without a wind shield.

Tanner drove him the first quarter in :29 3/4. The half was reached in :59 flat. The crowd seeing that the record was about to fall, let out a great cheer, which changed to deep silence, however, when the time for the three quarters was hung up, showing it had taken the gelding 30 3/4 seconds to negotiate the third quarter. He did the last quarter in 29 seconds flat. When the figures were announced the driver and horse were given an ovation.

The season's record came near falling in the Forest City Stake race, Ess H. Kay pushed by Ella Ambulator and Walter W., paced the first heat in 2:02 1/4, equalling the mark set by Rose K. at Detroit last week.

Walter Hal took the second heat and Merry Widow the third. Walter Hal winning first money under the three heat plan.

The final heat of the First Division Tavern "Stake," continued from yesterday, wet to Henry H., Robert A., second, Creighton third, Helen Turner fourth money. Time today 2:10 1/4.

Joan had little trouble in winning over the entries in the second division of the race, except in the third heat, when Willy finished second by a nose.
